

# RAIL SYSTEM 4000<sup>®</sup>

## Rail System 4000 HIGH OUTPUT Projector

BY  **RAIL  
ALIGNMENT**

**NEWLY UPDATED!**

### 90° EYEPIECE

- Set up is dramatically quicker and easier with 90° eyepiece. Projector aiming can be achieved without the user assuming awkward and uncomfortable positions in the track ballast.

### COMPONENT UPGRADES

- Newly designed, High Voltage components increase output power 25% over previous model.

### POWER CONNECTION

- New Mil Spec power connector ensures a quick and positive connection every time.

### QUALITY

- Durable Aluminum Housing and Hermetic Nitrogen seal maintains critical component integrity in harshest environments.

### RS4000 PROJECTOR SPECIFICATIONS

Power Requirements	14-10 VDC
RS 4000 Projector Kit	Weight: 10.2lbs (4.6kg)
Part Number 40606	Height: 6" (15.2cm)
	Width: 3" (7.6cm)
	Length: 28.2" (71.6cm)
